

Dear Employer,

Are you ready to create meaningful connections that will move the world forward?

The Polytechnic University of Puerto Rico cordially invites your organization to participate in "Conecta tu Mundo," an innovative recruitment experience designed to build meaningful connections between industry and academia, where talent meets opportunity, innovation meets industry, and ambition finds purpose.

This signature event provides employers with the opportunity to engage directly with highly motivated undergraduate students, graduating seniors, and alumni from Engineering, Architecture, and Business Administration. Our students are equipped with the knowledge, technical skills, and determination to make meaningful contributions to today's dynamic and evolving workplace.

"Conecta tu Mundo" will be held on **Thursday, October 15, 2026**, from 9:00 a.m. to 3:00 p.m. at the San Juan Campus of the Polytechnic University of Puerto Rico.

This event provides your organization with a unique opportunity to engage with top talent, promote your employment opportunities, recruit exceptional candidates for internships, cooperative education experiences, or full-time positions, and build lasting relationships with students and graduates from one of Puerto Rico's premier institutions for engineering, architecture, business, and applied sciences.

Registration is now open and will remain available through Thursday, October 1, 2026. To reserve your organization's space, please complete your registration using the link below:

At the Polytechnic University of Puerto Rico, we believe that every professional journey begins with a meaningful connection. Your participation helps create opportunities that inspire students to explore their career paths while enabling your organization to discover the talent that will help drive innovation and success.

We look forward to welcoming your organization to "Conecta tu Mundo" and to creating meaningful connections that will shape the future of our students, our industries, and our communities.

Cordially,

Tamara I. Miranda Rivera, PhD

IDEA Center Director

Polytechnic University of Puerto Rico
